

The following is a list of companies that responded to City of San José Request for Letters of Interest from vendors of Anaerobic Digestion (AD) technology interested in submitting a proposal for locating a biomethane to transportation fuel production facility on San José/Santa Clara Water Pollution Control Plant lands. The City of San José used the information submitted to compile grant applications for up to \$10 million from the California Energy Commission (CEC) Alternative and Renewable Fuel and Vehicle Technology Program Grant PON-09-003. The deadline for the grant applications was January 25, 2010. Announcements of awards are scheduled for March 1, 2010.

- Allied Waste
- Bioferm
- Biogas Energy Inc.
- CCI Bioenergy
- Eisenmann
- Enbasys
- Global Water and Energy
- Harvest Power
