

Forwarded on:

SENT TO COUNCIL: JUL 25 2000

Memorandum by Council Liaison's Office

TO: HONORABLE MAYOR AND  
CITY COUNCIL

FROM: Carl W. Mosher

SUBJECT: RECYCLE PLUS PROPOSALS

DATE: 07-24-00

Approved

Date 7/24/00

### INFORMATION

Proposals for the City's Recycle Plus Program were received on Friday, July 14, 2000, from the following Proposers:

BFI Waste Systems of North America – Santa Clara Division  
GreenTeam of San Jose  
GreenWaste Recovery, Inc.  
Norcal Waste Systems, Inc. – South Bay  
Republic Services of California  
RISC Management  
USA Waste of San Jose

After a careful review by staff, all proposals have now been deemed responsive and the evaluation process is underway. Due to the condition of some submittals, considerable staff time was required to ensure that all proposals contained the minimum requirements requested in the RFP, and to verify the completeness of all copies. The start-up of the evaluation process was delayed for several days until this determination could be made, but we are hopeful that this delay will not impact the proposed evaluation timeline.

A matrix showing the various services and districts proposed by each company is attached for your information.

Progress updates will be provided as we continue to move through the process.

CARL W. MOSHER  
Director, Environmental Services Department
